Developmental or preparatory classes are **not eligible to be used as electives although they may be necessary to get to the writing and mathematics requirements for the degree.*

*** Since many of the social work electives needed are not offered through KCTCS schools at our four regional campuses, it is suggested that students take the following from Murray State University and transfer them back to KCTCS for the Associate Degree SWK 101, SWK 201, SWK 225, & SWK 301). By doing this, students will not take any unnecessary classes. Also, Human Services classes from KCTCS may also be accepted into the program. Therefore, if you have taken these courses or plan to do so, please contact Dr. Peggy Pittman-Munke at pmunke@aol.com for guidance as to where the classes can be substituted.*
