# Bluegrass Community and Technical College

## Mission Statement/Status of Accreditation

With students at the heart of our mission, Bluegrass Community and Technical College (BCTC) provides excellence in teaching and learning. Through comprehensive and responsive programs and services, the college sustains a strong partnership with our communities to improve economic vitality and quality of life in the region. BCTC strives for a physical and intellectual environment that promotes access to life-long learning and a commitment to diversity.

The college meets the needs of a broad community of learners, both individuals and business and industry, by offering literacy skills, developmental education, workforce training, continuing education, liberal arts, and technical programs at multiple campus sites and through distance learning. BCTC works to foster professional competence, critical thinking, cultural and global awareness, civic responsibility, and a commitment to environmental sustainability within the college community. Graduates are awarded associate degrees, diplomas, and certificates in preparation for careers or for transfer to baccalaureate programs.

With the passage of the *Kentucky Postsecondary Education Improvement Act of 1997*, Central Kentucky Technical College (CKTC) became part of the Kentucky Community and Technical College System (KCTCS). *House Joint Resolution 214* joined Lexington Community College with KCTCS, resulting in consolidation with CKTC to form Bluegrass Community and Technical College in 2005. BCTC is a comprehensive public two-year, degree-granting community and technical college serving primarily the central Kentucky region.

Bluegrass Community and Technical College's goals focus on:

- Student Access and Success
- Teaching and Learning
- Economic Development
- Community Outreach
- Diversity and Global Awareness
- Technology and Communication
- Assessment and Evaluation
- Student and Customer Service

Bluegrass Community and Technical College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Bluegrass Community and Technical College.

*Note: The three-fold purpose for publishing the Commission's address and contact numbers is to enable interested constituents (1) to learn about the accreditation status of the institution, (2) to file a third-party comment at the time of the institution's decennial review, or (3) to file a complaint against the institution for alleged non-compliance with a standard or requirement. Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to the institution and not to the Commission's office.*

# Henderson Community College

## Mission Statement/Status of Accreditation

In 1960, the University of Kentucky, a public land grant institution, established the Northwest Extension Campus in Henderson, Kentucky. In 1962, the Kentucky General Assembly authorized the formation of a statewide system of community colleges to be operated by the University of Kentucky (UK). The University of Kentucky Community College System (UKCCS) was established in 1964, and the Northwest Extension was renamed Henderson Community College (HCC) and became one of the seven charter institutions.

In 1997, the *Kentucky Postsecondary Education Improvement Act* created the Kentucky Community and Technical College System (KCTCS). This new system combined the UK Community Colleges with Kentucky Technical Colleges under the direction of the KCTCS Board of Regents.

The mission of Henderson Community College is to:
